#### Conflict Minerals Purchase Order Statment

In cooperation and compliance of the Dodd-Frank Wall Street Reform and Consumer Protection Act, STI expects its vendors to source materials from socially responsible suppliers that do not distribute products containing "Conflict Minerals" originating from the Democratic Republic of the Congo or any adjoining countries (DRC). STI will aggressively investigate any information received from employees, suppliers or other business partners which indicates that any minerals used are "Conflict Minerals" and if necessary, terminate relationships with suppliers which are found to have supplied STI with product/supplies containing "Conflict Minerals" without appropriate disclosure.

Please be assured that STI understands the importance of this issue and is committed to the pursuit of responsible procurement practices and has no intentions, directly or indirectly of abetting the human rights violations identified in the Democratic Republic of Congo (the "DRC") and adjoining countries.

The vendor / supplier should possess a counterfeit prevention program to insure the delivery of non counterfeit parts or sub assemblies.
